

Complaints and Feedback

Purpose

At InSync Counselling and Support when a person wants to make a complaint, we will make sure the person's views are respected, that they are informed as the complaint is dealt with and they can be involved in the resolution process.

This policy is intended to ensure that complaints are handled fairly, efficiently, and effectively. The resolution of complaints will be consistent with a rights-based principle which is also fundamental to the United Nations Convention on the Rights of Persons with Disabilities.

The complaint and feedback management system intend to:

- provide a well-handled system than values the participant's opinions, and takes all feedback seriously, with the intent to improve the relationship between our organisation and our participants
- empower all employees and participants to feel free to voice their complaint or provide feedback
- allow us to respond to issues raised by individuals making complaints in a timely and cost-effective way
- boost participant confidence in our administrative processes
- provide InSyncCS with information that will help us deliver quality improvements in our services, supports, roles, and complaints handling process.

Scope

Our Complaints and Feedback Policy is InSyncCS commitment to a positive complaints culture within our organisation, from the highest management levels to our frontline staff. The policy provides the foundation for all other components of a quality complaints management and resolution framework. The policy also provides guidance to our staff and participants (who may wish to make a complaint or provide feedback) on our complaint management system's fundamental principles and concepts.

InSyncCS Director will handle all complaints and feedback received by InSyncCS. All staff are bound by the National Disability Insurance Scheme (NDIS) Code of Conduct.

Policy

InSyncCS will create an environment where complaints and concerns, compliments and suggestions are welcomed and viewed as an opportunity for acknowledgement and improvement. This process is to ensure that individuals have the right to make complaints and are encouraged to exercise their right in a blame-free and resolution-focused culture, respecting an individual's right to privacy and confidentiality.

InSyncCS Director is responsible for coordinating and handling complaints and feedback and ensuring the complaint or feedback is properly managed.

It is acknowledged that InSyncCS views all comments and complaints as a vital contribution to our internal review of performance and processes which assists in developing the continuous improvement of our services, as we work towards achieving our care commitment.

A person does not necessarily have to expressly state that they wish to make a complaint to have the issue or concern dealt with as a complaint. Regardless of whether an issue is big or small, it will be treated seriously, and InSyncCS will ensure the person is advised on how valuable their opinion is to our organisation. We will use such information to continuously improve our service delivery.

Complaints and Feedback

Results are recorded in the Complaint Register, which allows for input into our continuous improvement processes. The Continuous Improvement Register will be used to record improvements that are established after the finalisation of the complaint management process.

Complaint management process

The process and investigation must adhere to the principles of impartiality, privacy, confidentiality, transparency, and timeliness. Complaints will not be discussed with anyone who does not have responsibility for resolving the issue. InSyncCS must take into consideration any cultural and linguistic needs of a participant and provide the relevant support mechanism, such as an interpreter or similar.

Complainants are provided with access to our Complaints and Feedback form. These may be accessed via staff or management or online. The Complaints Manager will review the individual's needs and undertake to assist them via the best means appropriate to suit their needs. The variance between individuals requires a personal approach, but may include:

- offering an advocate
- providing text telephone (TTY) service to people with a hearing impairment
- ensuring the meeting site is wheelchair accessible
offering independent assistance to read and write to formulate and lodge a complaint
- seek information from the complainant to determine any special requirements (e.g. access or communication).

The resolution outcomes from a complaint will recognise that people who make a complaint are generally seeking one, or more, of the following outcomes:

- Acknowledgement:
 - o genuinely listening without interruption
 - o empathising o ensuring the complainant feels comfortable (e.g. being aware that staff may be defensive and consider how this is perceived)
 - o acknowledgement of the effect of the situation on the individual
 - o resolving to a good outcome
 - o notifying regularly and promptly on steps undertaken.

1. Issue reviewed by the Director
2. The complainant will be consulted, and the issue discussed, to determine actions required to resolve the issue. During this process, InSyncCS will offer complainant support from an independent advocate to reduce stress and anxiety.
3. All available options will be discussed with complainant and their advocate.
4. Where possible, a collaborative decision is finalised (i.e. acknowledgement, answer, action or apology).
5. The complainant is informed of the decision and the reasons for the outcome.
6. The complainant can seek to have the decision reviewed if they are not happy with the resolution; this may lead to implementing the complaint investigation process.
7. In the event of a complainant seeking a review, a review of the decisions may be resolved quickly by the Director completing the above points (2 to 5) again.

 - ensure that the complaint investigation is satisfactorily completed
 - determine if the complainant is satisfied with the outcome
 - follow-up and consult with the complainant/s about any concerns
